DESERVE BETTER PAY

The overworked letter carriers and postoffice clerks will have to sigh in vain for more money.

No more deserving class of men can be found in the country.

More than that, because of insufficient funds the postal service is far from being efficient.

More men and better paid men are needed.

If necessary the rate of letter postage should be raised.

No one complained when the letter postage was raised from 2 cents to 3 cents for letters outside the city.

This temporary raise netted Uncle Sam \$149,000,000 in one year.

No one was pleased when the rate was reduced to 2 cents.

Now the overworked letter carriers are to have their work increased because, according to a Washington dispatch, favorable report on the annual postoffice appropriation bill, with an amendment providing for a 1 cent drop letter rate was ordered by the senate postoffice committee.

This benefits the circular flend and injures the postal service.

ABOLISH THIS COURT

The law establishing a Juvenile Court in Chicago is responsible for nine-tenths of the crime.

Most of the murders and all of the holdups are committed by youths in their teens.

Those ruffians are all wards of the Juvenile Court.

And of the Feeble Minded "reformers" who were responsible for its creation.

The police force is powerless to handle young criminals.

The Juvenile Court was established for their protection and they know it.

The bankers and business men who furnished money and wrote letters favoring a Juvenile Court here for the protection of young criminals must feel proud of their work.

All of the bank stickups have been the work of juvenile offenders.

The reform hounds and sob sisters who support the Juvenile Court with their "moral" influence always get busy when the police arrest boys who are unusually bad.

Unusually bad boys must be protected from police brutality.

The police recently rounded up a gang of young ruffians who confessed to committing twelve murders and 146 holdups and robberies.

Every day the police station where this awful gang of thieves and bloody murderers are confined is visited by reformers who pester the police to death with warnings not to abuse these "boys" or treat them harshly.

The people are sick and tired of this rubicund rot and want the Juvenile Court abolished.

And the sooner the better.

NATURALIZATION

Aliens resident within Cook county may file declarations of intention to become citizens, or petitions for naturalization before the clerks of the following named courts:

United States District court, room 600 Federal building.

Superior court, room 437 County building.

Circuit court, room 412 County building.

Declarations of intention may be filed by aliens 18 years of age or over. No witnesses are required at the time of filing declarations, nor is the alien required to reside in this country any specified time prior to the date of filing his declaration. Declarations of intention are invalid for all purposes seven years after date of filing.

Petitions for naturalization or final papers may be filed after completion of five years' continuous residence in the United States, but not less than two years after the date of declaration of intention, and the alien must have resided in the state where his petition is filed at least one year next preceding the date of filing.

If the alien arrived in the United States after June 29, 1906, a certificate of arrival must be obtained from the commissioner of naturalization before filing his petition. Blank forms for this purpose may be obtained from the clerk of either of the courts above mentioned.

Petitions for naturalization must be verified by the affidavit of at least two credible witnesses, who have personally known the applicant for at least five years next preceding the date of his application.

A petition for naturalization must be signed by the applicant in his own handwriting and he must be able to speak the English language.

A petition must be filed duly verified ninety days prior to the date of final hearing in court.

Aliens who have resided in two or more states in this country during the last five years, or those who have other complicated questions, should call on the chief naturalization examiner, room 776 Federal building, where they will be fully advised.
